Hey guys, it's Janq.

So I've just realised that the Chapter 2 I uploaded was actually three different parts (Ch 2.1, 2.2, 2.3), so this chapter is technically 3.1, which is why it's so short.

This is as far as the news go on plot, but thankfully a nice person has donated the entire volume to me, so I'll be able to continue working on them.
